EXHIBIT PROFILE

Tekno

- * Metallurgical plants and Rolling Mills
- * Foundry Machinery
- * Manufacturing and process automation
- * Surface treatment, Surface technology
- * Aluminium and Non/Ferrous Metals, Materials, Technologies and Products (Semi-finished Products and Finished Products)
- * Sheet metal technology and products (semi-finished and finished products)
- * Thermo Process Technology
- * Wire manufacturing and finishing machinery (including cable and stranding machines)
- * Fastener technology and spring making technology
- * Wood working Machinery
- * Plant and equipment for Welding processes
- * Plant and equipment for Cutting processes
- * Machine tools
- * Parts, components, accessories
- * Used Machinery and Equipment

TUBE Arabia

- * Raw materials, tubes and accessories
- * Tube manufacturing machinery Rebuilt and Reconditioned Machinery
- * Process technology tools and auxiliaries
- * Measuring and control technology

Specialist areas

- * Trading, stockists of tubes of all kinds
- * Pipeline and OCTG Technologie
- * General services
- * Automation
- * Parts and components
- * Post processing machines
- * Design and development
- * Computer software services
- * Engineering
- * Professional literature
- * Subcontracting
- * Machines and equipment for rapid prototyping
- * Pattern making and Prototyping
- * Software, Simulation, Visualization
- * Materials – Coatings
- * Tooling – Mold making
- * Machine tools, Instruments
- * Equipment

HIGHLIGHT ON TUBE INDUSTRY IN MIDDLE EAST

The GCC and Middle East are providing increasingly attractive markets for international Tube manufacturers. Some of the growth sector includes oil and gas technology, petrochemicals, water and electricity supply, drainage as well as construction. Some of the big investments from the Govt. and well as private sector have been made in this sector and some are already in the pipeline.
